POLAND INVOKES HELP FROM ALLIES

KING GEORGE CALLS AT NO. 10 DOWNING STREET, CHEERED

KING GEORGE

IF ANYTHING SHOULD HAPPEN TO HITLER

GOERING NAMED SUCCESSOR

BERLIN, Sept. 1 (Reuter).—A German broadcast in the course of an announcement on the hostilities declares that "the German cup is full and our great hour has come."

In the Reichstag, Herr Hitler announced that Danzig was German and that Germans in Poland were tortured, whereas Germany has always treated minorities in the Reich fairly.

Hitler stated that he thanked Italy for her sympathy and understanding but he was not asking for Italian help. He would carry out his task.

If anything should happen to him (Hitler) his place will be taken by Field-Marshal Goering and in the event of Goering's death, Herr Rudolf Hess will carry on.

If Hess was lost the Senate would appoint a new leader. Hitler then adopted a Bill to incorporate Danzig in the Reich.

ORDERS TO BRITISH VESSELS IN EAST

SINGAPORE, Sept. 1 (Reuter).—All British ships east of Singapore are ordered to call a Singapore before going proceeding to the West.

Statement By British Official Quarters

LONDON, Sept. 1 (Reuter).—Official circles in the British capital point out that if Herr Hitler's proclamation means as it seems to mean that Germany has declared war against Poland, it can be stated with highest authority that Britain and France are inflexibly determined to fulfil to the utmost their obligations to Poland.

The German account of the negotiations is wholly misleading. Herr Hitler informed the British Ambassador on August 29 that he expected a Polish Plenipotentiary with full powers to negotiate a settlement, in other words Poland is expected to submit to the procedure to negotiate imposed on the President of Czechoslovakia and to despatch an emissary to accept terms wholly unknown to the Polish Government.

The Polish Government is naturally unwilling to place itself in this humiliating position. It is not customary to demand even from a defeated enemy that negotiations should not refer for instructions to their governments. The General Attitude of the British Government is briefly defined as follows: If the German Government had seriously desired to settle the dispute by negotiation they would not have adopted a procedure with the character of an ultimatum, but would have opened negotiations with the normal procedure of civilized governments.

The Polish Government is fully justified in declining to submit to the treatment which the German Government endeavours to impose on it.

The terms published here were never communicated to the Polish Government and should have been submitted with time to consider whether they infringed on Poland's vital interests which Germany in written communication with the British Government has declared her intention of respecting.

LONDON, Sept. 1 (Reuter).—THE POLISH AMBASSADOR VISITED THE BRITISH FOREIGN SECRETARY, LORD HALIFAX, AND FORMALLY INVOKED BRITISH AID.

A SIMILAR REQUEST IS BEING MADE IN PARIS LONDON, Sept. 1 (Reuter).—King George called at No. 10 Downing Street and remained for half an hour. He was seen off by the Prime Minister and was loudly cheered as his car passed down Downing Street.

German Planes Shot Down

PARIS, Sept. 1 (Reuter).—The Havas correspondent at Warsaw learns on good authority that seven German planes have been brought down and a German armoured train has been captured by the Poles.

Polish artillery opened fire on the frontier station at Beuthen according to a German news agency message. Several shells fell on the station, states Reuter from Berlin.

WATER SUPPLY RESTORED

The connection to the Cross Harbour mains have been completed and the 17 hours supply was re-introduced at 10.00 a.m., yesterday.

Water is now being supplied to the Island through the new main.

War Office Proclaims General Mobilization

LONDON, Sept. 1 (Reuter).—The War Office announces that general mobilization has been proclaimed.

This concerns officers of the Regular Army Reserve of Officers, Officers of the Militia, Officers of the Supplementary Reserve of Officers and officers and all men belonging to the Territorial Army.

Evacuation is being carried out in London and the children have been evacuated without a hitch with smiles and hardly a tear.

A report has come in from the reception areas of the warm and friendly welcome for the children. The evacuation was a triumph of good organization.

PARIS, Sept. 1 (Reuter).—The Polish official radio announces that a German bomber was brought down by anti-aircraft fire at Otdock, about 20 miles from Warsaw this morning. Other German planes were "stated" to have been driven back.

The Polish Ambassador in Berlin has informed the German Government that Poland intends to "resist aggression with all her forces and defend Poland's honour and independence."

According to the Havas correspondent at Warsaw distant gunfire can be heard in the Polish capital.

Reuter reports from Helsinki that, according to unconfirmed reports, the German Fleet is bombarding Gdynia.

FIGHTING IN DANZIG WARSAW, Sept. 1 (Reuter).—The Warsaw radio announces that fighting is proceeding in Danzig. The Germans have occupied the railway offices and captured hundreds of Poles.

The Poles are holding out in the Post Office which is heavily defended.

CALM IN PARIS PARIS, Sept. 1 (Reuter).—The general mobilization order was broadcast to-day and was received with calm throughout France. Unlike 1914, there was no singing or shouting.

FULL CONSUMPTION LONDON, Sept. 1 (Reuter).—Mr. Chamberlain announced in the House of Commons that the British Government will introduce a Bill extending military conscription covering the ages of 18 to 41.

The Ministry of Transport is taking control of undertakings or portions of undertakings in Great Britain belong or leased to ten railway companies.

COMPLETE BLACK-OUT LONDON, Sept. 1 (Reuter).—An official order broadcast from Cologne states that until further notice the whole of Western Germany will be completely blacked out at night.

CANADIAN PARLIAMENT SUMMONED OTTAWA, Sept. 1 (Reuter).—The Dominion Parliament has been summoned to meet on Sept. 3 (Sunday).

"THIN STREAM OF SMOKE" LONDON, Sept. 1 (Reuter).—Two hours ago a thin stream of smoke was seen issuing from the chimney of the German Embassy while charred papers seemed to be falling into the street outside the Embassy. It is thought the Embassy officials were burning secret documents.

CHURCHILL CALLS ON PREMIER LONDON, Sept. 1 (Reuter).—Among the callers at No. 10 Downing Street this morning was Mr. Winston Churchill who arrived by car.

THE PRIME MINISTER

DIRECT WARNING TO REICH

LONDON, Sept. 1 (Reuter).—An announcement of the first importance was made by the Prime Minister, Mr. Neville Chamberlain, in the course of his statement in the House of Commons to-day. It was a direct statement made to the German Government.

THE PRIME MINISTER SAID: "UNLESS THE GERMAN GOVERNMENT IS WILLING TO GIVE AN ASSURANCE THAT THEIR AGGRESSIVE ACTION AGAINST POLAND WILL BE SUSPENDED AND WITHDRAW ALL THEIR TROOPS FROM POLISH TERRITORY AT ONCE, THE BRITISH GOVERNMENT WILL, WITHOUT HESITATION, FULFIL ITS OBLIGATIONS TO POLAND."

Mr. Chamberlain also said that if the reply from the German Government was unfavourable the British Ambassador in Berlin, Sir Neville Henderson, had instructions to apply for his passport.

In his statement, the Prime Minister said: "The time has come when action rather than speech is required. Eighteen months ago I prayed that it would not fall on me to carry the responsibilities of war but I fear that I am not able to avoid that responsibility."

"The German Chancellor has not hesitated to plunge the world into misery in order to serve his own senseless ambition."

PRESIDENT OF POLAND APPEALS TO NATION

WARSAW, Sept. 1 (Reuter).—"In this historic moment I appeal to all citizens with the deep conviction that the whole national will rally round the supreme commander of our armed forces in defence of its freedom, independence and honour," declared M. Moscicki, President of Poland, in a nationwide broadcast announcing that Germany had launched an attack on the Polish State.

M. Moscicki stated further, "I am convinced that Poland will give a proper reply to the German aggressor as it has so often done in the past."

CANADA IS PREPARING FOR WAR

OTTAWA, Sept. 1 (Reuter).—The Canadian Cabinet has been summoned and machinery for putting the country on a war basis is now completed. Mr. Mackenzie King, the Premier, has been informed of developments by the British authorities.

ROOSEVELT APPEALS TO FIVE POWERS AGAINST BOMBING OF CIVILIANS IN UNFORTIFIED CENTRES

WASHINGTON, Sept. 1 (Reuter).—PRESIDENT ROOSEVELT TO-DAY ADDRESSED THE FOLLOWING APPEAL TO BRITAIN, FRANCE, GERMANY ITALY AND POLAND: "The ruthless bombing from the air of civilians in unfortified centres of population during the course of hostilities which raged in various quarters of the earth in the past few months and which resulted in the maiming and death of thousands of defenceless women and children has profoundly shocked the conscience of humanity."

"If resort is had to this sort of inhuman barbarism during this period of tragic conflagration with which the world is now confronted, hundreds of thousands of innocent human beings, who have no responsibility for, and who are not even remotely participating in the hostilities which have broken out now, will lose their lives."

"I, therefore, am addressing this urgent appeal to every government which may be engaged in hostilities to publicly affirm that its armed forces shall in no event, and under no circumstances, undertake bombardment from the air of civilian populations or unfortified cities upon the understanding that the same rules of warfare will scrupulously be observed by all opponents."

FRANCE FAVOURABLE PARIS, Sept. 1 (Reuter).—M. Bonnet, Foreign Minister, gave a favourable reply on behalf of France to the American Ambassador.

U.S. NEUTRALITY DECISION IS RESERVED

WASHINGTON, Sept. 1 (Reuter).—President Roosevelt has reserved his decision regarding invoking the Neutrality Act or summoning Congress, according to White House sources.

President Roosevelt is represented as feeling that fighting will have to go beyond the border of warfare between Germany and Poland before taking such a grave step.

STOCK EXCHANGE REFLECT CRISIS

SHARP RISES SEEN IN WAR COMMODITIES

NEW YORK, Sept. 1 (Reuter).—The full impact of the most serious international crisis in more than 20 years was felt at the opening of the markets here.

In the Commodity Markets the so-called "war commodities" showed sharp rises. Rubber and Hides moving rapidly upwards. The Grain Markets of Chicago opened with limit gains of five cents per bushel.

In the Foreign Exchange markets Sterling opened at \$1.20 compared with \$1.33 yesterday.

All the rates are very nominal.

WARSAW ON FIRE

Warsaw was bombed twice, once at 9 a.m. and an hour later.

Reports say that parts of the city are in flames but these reports are so far unconfirmed.

CIVILIANS KILLED PARIS, Sept. 1 (Reuter).—A report from Warsaw states that German warplanes have also bombed six other towns besides Warsaw, Tczew, Wilno, Cracow and Karpowice.

Many civilians are reported killed or injured.

HOME FOOTBALL

SECOND DIVISION PROSPECTS

Barnsley, Birmingham, And Bradford

Who for promotion this season? Who for the dreaded drop? Competition in the Second Division will be hotter than ever this term. Famous ex-First Divisioners say they've got to get back this time.

But clubs like Manchester City, Newcastle United, West Ham United, Spurs, and Birmingham, may find fighting sides like Coventry City and Chesterfield barring the way.

A Home correspondent has weighed up the chances of all the teams in the division.

BARNSELY GOOD ENOUGH

The way of Northern Sections teams, which win promotion is usually hard.

Ask Tranmere Rovers! At Barnsley they are undaunted by the prospect of Second Division football. And with reasonable excuse.

Last season Barnsley were miles ahead of Northern Section class. They proceeded majestically towards promotion and while I have often smiled when the words are used, it is right to say that Barnsley are quietly confident.

Major changes in the promotion winning team are that Beau Asquith, centre-forward, has gone to Manchester United, and Williams, right-back, to Preston North End. Bud Maxwell, from Preston, is there to replace Asquith, and Manager Angus Seed has had a right-back signing up his sleeve for some time.

Another newcomer is Allison (forward from Workington), and all told, Barnsley have a list of thirty-two pros.

The club, generally, is in a healthy state and the Oakwell ground, with stand extensions nearing completion, has never looked better.

I'll be surprised if the Tykes fail to hold their own.

BIRMINGHAM ARE TAKING A CHANCE

I suppose it was only to be expected that Brum would do something drastic after being relegated. Manager Liddle has gone, and with him at least eight men who were regarded as first teamers.

Goalkeeper Clack has gone to Brentford, Halsall to Chesterfield, Richards to Walsall, Phillips to Chelmsford, Sykes to Cardiff City, Meacock to Bristol City, Kelly to Bury, and Smith to Queen's Park Rangers.

WATCH BRADFORD!

Some clear-out!

What have they brought in? Precious little. Admittedly they have still 32 professionals signed, but if Brum are making a determined bid to get back to the First Division so far their efforts have hardly been obvious.

They are taking a chance on their youngsters pulling them through where experienced men failed.

Good luck to them, but they are a very doubtful quantity.

WATCH BRADFORD!

Manager David Steele says this looks like being the best side he has had at Park Avenue. He has spent £4000 on strengthening the team and already it looks like money well spent.

Hepworth, a full back from Chesterfield, is promising, and Dann, a left-half from Spurs, should add a bit of punch to the middle line. I saw him in a private practice a few days ago step in to smash a thirty-yarder low down into the corner of the net.

Hughes, from Chesterfield, should bring speed and punch to the right wing, and if Billy Martin is fit and well he will get every chance to give of his best. Other newcomers are Norton, an inside forward from Leicester City; Watford, a half-back from Chester,

LO TAK KUEN CUP FIXTURES FOR TO-MORROW

Six Matches For Decision

There is an interesting programme of six matches for decision in the Lo Tak Kuen Cup League at the Southern Playground, Wanchai, to-morrow morning and afternoon.

8.30 a.m.—Fun To v. Foo Lun.

9.30 a.m.—Sun Ching v. Kin Nai.

10.30 a.m.—Yuet Sing v. Tsim-shakui.

3 p.m.—Ket Kung v. Sai Yuen.

4 p.m.—Put Ming v. Sheung Mo.

5 p.m.—"Daily Press" v. Tien Sing.

PLAYER ORDERED OFF

On Wednesday, on the Southern Playground, Tung Yee Pak drew with Cheung Hung there being no score. Near the end of the match, Li Ping-chiu, a Tung Yee Pak forward, was given marching orders for alleged misconduct after he had been twice warned by the referee, Leung Tai-fong.

The League is organized by the China Amateur Miniature Football Federation (Hongkong Branch).

"CHAMPS" WIN AT H.K. BOWLING ALLEYS

Each with a victory to their credit, by 24 pins and 17 pins, respectively, the "Champs" and the U.S.S. Tulsa met in the deciding game at the Hongkong Bowling Alleys on Thursday, Aug. 31, the former winning by the narrow margin of 37 points.

Dick Venezia top-scored for the winners with 848 points, with W. Michaels, of the Tulsa, a close second with 814. On the day's play both teams did not show the form of which they are capable.

Teams and game scores follow: The "Champs": Dick, Venezia, Gene Faggiano, Doc, Molthen and Chas. Miller. Scores, 649, 702, 823, 558, 605. Total 3,137.

U.S.S. Tulsa: W. Michaels, F. Spenko, Pete Peterson and A. Schreier. Scores, 629, 602, 605, 628, 833. Total 3,100.

and Gilroy, a keeper from Spurs. Then, of course, there is Cochrane, outside-left from Middlesbrough.

The Avenue club appear to me to be a fast-moving, slick-looking lot. Defence is as sound as a bell and if the forwards can get goals they'll take a lot of beatings.

INTERNATIONAL SERIES FINAL IS CANCELLED: CHARITY GAME INSTEAD

Owing to military manoeuvres, Britain will be unable to field a team against America, in the final game, of the Mamak International Series, which had been arranged for this afternoon. For the same reason, the Union Brewers-Combined Chinese 'clash' has been cancelled; instead of this game, local fans will have the opportunity of seeing China and America re-enacting their International Series struggle, in a charity match at 2.30 p.m. to-morrow afternoon.

Proceeds of the game will go to the funds of the Hongkong Women's Soldiers Relief Association, and a large crowd is expected to turn out.

TULSA PLAYERS

With the U.S.S. Mindanao away, America will be represented mainly by players from the U.S.S. Tulsa, with the addition of "Doc" Molthen and Billy Clague. Judging from the form shown by the "Tulsa" gang last Sunday, China will have their hands full in their attempt to even up their previous defeat.

Miles will probably start on the mound, for America, with Hoffman in reserve. Costello will again be receiving and local enthusiasts who missed last week's match should take this opportunity of taking a gander at the sweetest catcher seen out this season.

"Doc" Molthen will likely be appointed custodian of the initial

THE CHINESE

The Chinese will have Earl Wong to do the hurling with Nip Lum behind the plate. Earl conceded this gang only four hits last Sunday, and will be out to improve on that performance so as to ensure victory, despite any misdeeds his team-mates may commit in the field.

Wally Ching will be seen at the Windy Alley with Bill Woo taking over the second base position, instead of Bill Hong Sling who had several stitches put in his hand after his last outing. A. L. P. F. Choy and C. S. Chung will form a sound gardening staff, while the other infielders will be "Chancy" Chan and George Wu. Oldtimer Tommy Chan will be on hand to

USE OF GROUND

Although the Baseball League have the use of the ground only until Sept. 3, an effort is being made to obtain the necessary permission to retain the use of the ground for another week, in order that the International final may be played, on either Sept. 9 or 10.

As the U. S. S. Tulsa is due to leave previous to these dates, Britain will have a great chance of winning this Series for the first time in history, as America will then be without the top-notch "Tulsa" battery of Miles and Costello.

DOUGLAS FAIRBANKS, JR., IS CITIZEN OF THE WORLD

ON THE SCREEN AND OFF
IT, DOUGLAS FAIRBANKS,
JR. IS A CITIZEN OF THE
WORLD.

Photographically and per-
sonally, he is as American as
ham and eggs, as British as
Yorkshire pudding, as French
as crepes suzettes and as
Russian as borscht.

Born in New York, he was
educated there and in Europe.
He has produced his own pic-
tures in England. He has ab-
sorbed the colour and character
of virtually every country on the
globe as the result of a world
tour lasting several years in the
company of his famous father.

During recent seasons he has
played Englishmen, Americans,
Russians and even a mythical
Briton on the screen. He is
English again in Universal's "The
Sun Never Sets."

INTERNATIONAL ROLES

As a young Foreign Office
steward who fights anti-British
intrigue in the Crown's African
possession, Fairbanks is attired
in Colonial khaki and pith hel-
met in this picture.

Basel Rathbone, Virginia Field,
Lionel Atwill, Barbara O'Neill and
C. Aubrey Smith have key roles
under Rowland V. Lee's direction.
Doug plays his part without re-
course to any sort of English
accent, either of Oxford or Seven
Dials.

"Playing international parts is
more a matter of how you think
than how you talk," he explained.
"I've been scattered all over the
world so much in my young life
that I've learned how most na-
tionalities react to most situa-
tions."

STAR DOES PROP WORK

JEAN PARKER SETS NEWS PACE

When a film star steps into
a prop man's shoes and does
his work for him...that's news.

Pretty Jean Parker set the news
pace during a scene in "Parents on
Trial," the Columbia drama in
which she is featured with Johnny
Downs and Noah Beery, Jr. Cast
as a student at an exclusive girls'
school Miss Parker reported for
filming one morning in what was
to be her room at the school.

A prop man was arranging toilet
articles on the dresser and giving
pillows and drapes a final touch.

ROOM REARRANGED

"A pillow would never be there,"
the star protested. She changed its
position. Then, as the prop man
idly watched, Miss Parker, who is
an experienced artist and
decorator, rearranged "her" room.

Based upon the popular radio
programme, "Parents on Trial" is
a powerful dramatic challenge.

With great power, sincerity and
conviction it shows the plight of
misunderstood youth, its dreams
and romance. Also prominent in
the cast are Henry Kolker, Nana
Bryant, Linda Terry, Virginia
Brissac and Mary Gordon.

EDUCATIONAL VALUE OF THE NEWS FILM

SIR ERNEST GRAHAM-LITTLE, INDEPENDENT MEMBER
FOR LONDON UNIVERSITY RECENTLY PRESENTED IN
THE HOUSE OF COMMONS A BILL DESIGNED TO PROVIDE
FOR THE WIDER DISTRIBUTION OF NEWS FILMS AND THE
PREVENTION OF RESTRICTIONS ON THEIR EXHIBITION BY
TRADE MONOPOLIES OR OTHER INTERESTS.

"The motive of this, the Cinematograph News Films (Pre-
vention of Abuses) Bill," he said, "is to enlarge the
circle of persons who can see the news-reel, from the educa-
tional point of view."

There are five newsreel com-
panies in Great Britain, comprised
in the Newsreel Association of
Great Britain and Ireland Ltd.
They let out to the cinema
theatres the films which they pro-
duce, and after exhibition the
cinema theatres are unable at
present to make any further use
of them.

Short Films

"The income of the five news-
reel companies is derived solely
from fixed-rate subscriptions paid
by the cinemas. The life of these
films is very short because they
are topical."

"Short films appear, from the
Cinematograph Film Committee's
report, to be under a cloud. It is
difficult to produce them profit-
ably."

Sir Ernest said that supporters
of the bill included four other
university representatives in the
House of Commons—Sir John
Graham Kerr (Cons. Scottish
Universities), Mr. T. E. Harvey
(Ind. English Universities), Mr. G.
A. Morrison (L. Nat. Scottish
Universities), Miss E. Rathbone
(Ind. English Universities)—and
also Sir Annesley Somerville
(Cons. Windsor).

"All have the same desire," he
added "to make newsreels more
accessible in schools, universities
and educational establishments
generally."

Subsidy for Projectors

He had been astonished by the
efforts made by individuals and

teachers, by clubbing together, to
buy expensive projector apparatus
in a number of schools.

At the back of his mind was the
educational film as well as the
newsreel—natural history, travel
and geography—and, taking the
long view, subsidy by the Board of
Education for the wider provision
of projectors.

Asked if the bill referred also to
the use by hotels of newsreels, he
replied: "One of my backers is
Capt. Victor Cazalet (Cons. Chip-
penham), who is a director of the
Dorchester Hotel Personally, I see
no objection to newsreels being
exhibited in hotels."

"Your ignorance of the facts of life, Edmond, is little short of monumental. Remember the long draught of Rose's Lime Juice, I made you drink before retiring? Pause and consider, Edmond—

knowing me as you do—was that pure altruism?"

"I've never known you do an unselfish act in your life old boy."

"Right. My only concern was to save myself trouble and get you to the church in such condition that you could both speak audibly and walk unaided. With the help of Rose's Lime Juice I have succeeded. Listen carefully, Edmond, while I explain the chemical action of Rose's—"

FAMOUS DANCE BAND LEADER'S SISTER HERE

KOWLOON WEDDING

MR. J. W. BRUCE & MISS D. C. WEIR

The marriage took place at St. Andrew's Church yesterday afternoon, the Rev. A. F. Rose, Assistant Chaplain of St. John's Cathedral officiating, between Miss Daphne Churchill Weir, only daughter of Mr. and Mrs. Douglas Churchill Weir, and Mr. James Wilson Bruce, youngest son of Mrs. Catherine Bruce, of Elgin, Scotland.

The bride, who was given away by her father, wore a lovely dress of white satin brocade leaves on georgette with plain white satin bolero jacket and silver slippers. The bridal veil was a heart-shaped halo of flowers. She also wore a lucky moonstone horseshoe pendant on gold chain around her neck and a gold chain bracelet. Her bouquet was of mauve pansies, pink roses and fern.

The bride's mother attended in a mauve lace dress, with orchid flowers, a crinoline veiled hat with a spray of lilac. Her bouquet was of mauve pansies and pink roses. After the Church ceremony, a reception was held at Arlington Hotel, Kowloon.

The bride's going-away costume was a peach-lace dress with brown straw halo hat and all brown accessories.

Mr. and Mrs. James Wilson Bruce will be shortly leaving for Scotland.

The duties of best man at the wedding were discharged by Mr. Ernest Perry.

FORTHCOMING MARRIAGES

The following forthcoming marriages are announced:—

The Rev. Eric Moreton, Minister of religion, of No. 15, Ventris Road, and Miss Norah Mary Dunbury, of "The Lindens," Friern Barnet Lane, London, N. 20;

Mr. Jung Loy, merchant, of No. 2 Junction Road, ground floor.

MISS GOODMAN IN HURRY TO REACH SHAI

Miss E. Goodman, sister of the world famous dance band conductor and organist, Benny Goodman, was an agitated young lady on her arrival in the Colony yesterday afternoon by the s.s. Nankin.

Practically in tears and in a highly nervous condition, the tall, brunette American girl refused a press interview.

"I can't talk to you, I'm sorry and the quicker I get out of Hongkong the better I will feel," said Miss Goodman, in a high hysterical voice. "And it appeared that not a note of her brother's swing or low crooning blue music could even soothe the lady's nerves."

DESPERATE HURRY

Miss Goodman, in a desperate hurry to reach Shanghai, reasons not divulged, boarded the China Clipper in San Francisco for a trip to Hongkong. Unfortunately, poor weather conditions held up the Clipper in Guam and after much delay the flying-boat finally reached Manila on Sunday. The call at Hongkong was cancelled and the Clipper returned to America from the Philippines.

Catching the s.s. Nankin, Miss Goodman continued her trip north and disembarked in this port yesterday afternoon from the s.s. Nankin.

The extent of her visit in this city is indefinite and her future plans were not revealed.

Mr. Yong Hing-kong, salesman, of No. 47, Pottinger Street, ground floor, and Miss Chung Man-ching, of No. 15 Kai Yee Road, ground floor;

Envoy's Wife Lay In State On Platform

LONDON, Aug. 15 (By Air Mail)—Holidaymakers were leaning from the windows of the Continental Express at Victoria Station last night, laughing and joking as they said good-bye to friends.

Fifty yards away another farewell was being made.

Members of the Egyptian colony were paying their last respects to beautiful Mme. Hassan Nashaat, twenty-five, wife of the Egyptian Ambassador in London, who died yesterday.

The coffin containing her body was taken to the station by hearse, and for almost two hours the coffin, draped with the green and white-circled Egyptian flag, stood on a dais on the platform.

A barrier was erected and police and station officials kept that section of the platform cleared.

Hassan Nashaat Fasha, the Ambassador, stood by the funeral wagon with its purple-draped doors and walls.

TEN WREATHS

As each sympathiser arrived they bowed to him and took up their stand round the barrier walls.

Ten wreaths lay on the platform.

Shortly before the Continental express was due to leave the grief-stricken husband followed the coffin into the wagon.

For a moment he stood by it, his head bowed. Then quickly he walked through the crowds to the waiting train, and the wagon was shunted round and hitched to the front of the train.

Mme. Hassan Nashaat's brother, M. Ares Zulfica, was greatly distressed as the wagon moved out of the station.

The Ambassador will accompany his wife's body to Egypt.

His Excellency and Lady Northcote will be present at the Open Pairs Finals of the Lawn Bowls Championships of the Colony which will be played at the Kowloon Football Club at 3.30 p.m. to-morrow.

HAWKER "GOT ON HER NERVES" SO SHE FIRED AT HIM WITH AN AIR - PISTOL

EUROPEAN WOMAN REPRIMANDED AND FINED \$50

Summoned for wantonly and negligently discharging a firearm at a Chinese knife-grinder in a scavenging lane outside No. 188, Austin Road on August 16, a European, Mrs. B. Pears, was fined \$50, by Mr. E. Himsforth, at Kowloon Court yesterday.

The hawkker was wounded in the head. He was shot at, Mrs. Pears explained, because he had "got on her nerves." The firearm used was an air-pistol, which was found with two boxes of pellets in the rooms of Mrs. Pears's flat.

DENIAL TO POLICE

Inspector R. Cunningham, who prosecuted, told the Court that at 5 o'clock in the afternoon on August 16 he received a telephone call from Sgt. Matches that a man named Chek Pun had been shot outside No. 108, Austin Road, and had been sent to Hospital with a slight injury to his head.

Inspector Cunningham said that he called at No. 108, Austin Road, the same evening, where Mrs. Pears denied that she had any arms in the house. She permitted a search of her room, and eight pellets were found, four on the window sill and four more on the defendant's bed.

Mr. T. E. Jackson permitted the Inspector also to search his room in the same flat. On being told that the object of search was an air-gun or air pistol, Mr. Jackson went to the box out of which he took the air pistol that was produced in Court.

One box of pellets was also handed to the Inspector by Mr. Jackson.

"VERY SERIOUS"

Reprimanding defendant for her lawless action, Mr. Himsforth said: "If the pellet travelled three inches lower it would have entered the eye, and you would be on the other side of the rail. There would have been a very, very serious charge against you."

Inspector Cunningham asked that a serious view be taken of the case, as two other cases of shooting in similar circumstances, had been reported from the area. The police were as anxious as the residents of the area to abate the nuisance of hawkers calling out their wares, but it would not be correct for the residents to take such action as Mrs. Pears.

Mr. Jackson was fined \$5 on a summons for possession of an air pistol without a licence.

MR. SHIGEMITSU FOR FOREIGN AFFAIRS POST

The portfolio of Minister for Foreign Affairs in the new Japanese Cabinet is likely to be assumed in the very near future by Mr. Mamoru Shigemitsu, now Japanese Ambassador in London, according to reliable information received.

It is rumoured that Mr. Shigemitsu will shortly return home by air with a report of conversations which he has conducted in London in connection with outstanding questions between Great Britain and Japan.

Many matters on which a divergence of views between the two countries has been demonstrated are reported to have been settled.

MOTHER TRIES TO RUN UNDER TAXI-ING PLANE

LONDON, Aug. 17 (By Air Mail).—A young German mother, refused permission to enter England with her two-year-old daughter, tried to throw herself in front of a taxi-ling airliner at Croydon Airport last night.

When she arrived by plane from Frankfurt an official explained that she would have to leave again.

She wept and threatened to run into the path of another liner taxi-ling across the tarmac.

A policeman dragged her clear and she was taken to her plane, where other passengers were waiting to take off.

Stewards strapped her into her seat, and they were instructed to sit by her until she landed in Germany. Just before she reached the steps

Decree Nisi Granted

PETITION FOR DISSOLUTION OF MARRIAGE

A decree nisi was granted by the Chief Justice, Sir Atholl MacGregor, in the Supreme Court yesterday, to Phyllis Gibbons, who petitioned for dissolution of her marriage with James Henry Gibbons.

The Hon. Mr. Lee D'Almeida e Castro, Jnr., instructed by Mr. R. M. M. King, appeared for petitioner. Respondent was neither present in Court nor represented.

The petition was based on the grounds of adultery, cruelty and desertion, but Mr. D'Almeida told the court that the first ground would be abandoned and he was proceeding on the others.

BEGAN TO DRINK

Petitioner said in evidence that she was married to respondent at Foochow on July 2, 1927. The first year of marriage was fairly happy, but after October, when respondent was transferred to Harbin, he began to drink heavily and always said that he would do as he chose whenever she remonstrated with him.

She stated she was assaulted several times in Harbin by respondent, whose conduct grew worse after his transfer to Canton in 1929.

HIT SEVERAL TIMES

After going home on leave, respondent was posted to Macao from 1932 to 1934, where petitioner said her husband hit her several times. Later they came to Hongkong and lived in Kent Road.

On October 24, 1935, petitioner said respondent was very abusive. He caught her by the throat and hit her jaw, breaking a tooth. He later said that he wanted her to leave him, and when she said that she had no money, he wrote her a cheque for \$1200.

In 1938, she met respondent on her way to England, and he said that he wanted her to divorce him. He had sent her money fairly regularly until that year, but since then she had supported herself by teaching in the Philip-pine Islands.

POLICE CALLED

Chief Inspector W. R. Chester Woods said that one night about the end of 1935, a European sergeant telephoned him and he went to No. 13, Kent Road, where he found respondent dishevelled and crying, with her left eye bruised and lips swollen and bleeding. She said that her husband had assaulted her.

His Lordship pronounced a decree nisi with costs.

KING'S COLLEGE SUMMER SCHOOL PRIZE GIVING

The prize day of the King's College summer school was held yesterday at the College, when Mr. J. J. Ferguson, Assistant Master at King's College, distributed the awards. There were about 200 boys and girls present.

Mr. Ferguson, who presided in the absence of the Principal, Mr. H. G. Wallington, who was unable to attend the function, congratulated the prize winners and expressed his appreciation of the good work of the teachers.

In conclusion, Mr. Ferguson said he hoped to have the pleasure of teaching the boys in the future.

GLUE SPOT CLUE IN DEFENCE PLAN MYSTERY

LONDON, Aug. 8 (By Air Mail).—One pin-point of glue, found on the back of secret aerodrome plans, led British M.I.5 authorities to believe that photographs of vital documents have been smuggled out of the country.

Plans of new aerodromes, with estimates running into immense sums for their construction, were stolen from the locked car of the director of one of Britain's largest constructional firms while he was absent a few minutes telephoning in Oxford-Street.

Twelve hours later—after the whole of the British and French anti-spy organizations had been told of the loss—the plans were found by a policeman in the doorway of a dressmakers' shop in Lexington-street, Soho.

Experts examined the plans, which showed possible positions for new aerodromes on the south-east coast and in the Midlands.

Possibilities of foreign agents having photographed them were considered, but it was not until nearly two days after the theft that the microscope revealed a small smear of glue on the back of one of the papers.

This led experts to believe that the documents had been fastened on to a flat surface to be photographed.

Scientists at Scotland Yard believe that the tell-tale spot was made from glue manufactured on the Continent.

RAINFALL IN AUGUST

The heaviest rainfall was on Aug. 3, when 1.84 inches were recorded. The remaining days up to Aug. 19 were intermittently wet and fine, but on Aug. 19 1.18 inches fell.

The total rainfall for the month was 10.81 inches.

NO SLACKENING OF ANTI-BRITISH MOVEMENT

PEIPING, Sept. 1 (Reuter).—It appears that the possibility of a slackening of the anti-British movement appears unjustified.

Anti-British parades and meetings continue, while the Japanese-controlled press declares that Chinese and Japanese must oppose British and Russia, which represent the two evils of capitalism and communism.

MEETING FORCE WITH FORCE

"WE HAVE NO choice but to meet force with force," Herr Hitler wrote yesterday in his proclamation to the German armies massed on the Polish frontier. Except in German propaganda messages, no force has been employed by the Poles. On the contrary, their record has been one of amazing forbearance—the realist will say prudence—in the face of the unbearable provocations to which they have been subjected. On the lips of Herr Hitler, however, the declaration is equivalent to an order to his hosts to march eastward. It is a pronouncement unsurpassed both in its gravity and in its shameless cynicism.

THE EVENTS of the past few days have shown that to Poland's forbearance there is a limit. Her armies are mobilised. They stand ready to guard the independence of a country that has known bondage and won freedom only as a result of centuries of struggle. During the past few days Warsaw repeatedly indicated its readiness to negotiate—which means that it was prepared to make certain concessions, as all the demands were on the German side. It is probable that considerable pressure outside was applied to produce a "reasonable" attitude on the part of Poland since her continued existence depends not only on herself and there has been no pronounced anxiety on the part of any Power in Europe—except the Reich—to go to war over limited issues. For the present parlous state of affairs there is only one reason—Hitler is again asserting the rule of the jungle. He wants to wipe out Poland as completely as he wiped out Czechoslovakia.

THERE IS bitterness in this comparison. Czechoslovakia was a nation truly democratic. Her record in interna-

COLONY PUBLIC WORKS REPORT FOR LAST YEAR

The report of the Director of Public Works for the year 1938, tabled in Legislative Council yesterday, contains abundant information concerning urban and rural building, development of communications and other activities of the department.

In 1938, 3,304 plans for various types of construction were deposited with the Buildings Ordinance Office.

The report says: "Early in the year the building industry began to show signs of recovering from the slump from which it had suffered during the past four years. This recovery has been hastened by the disturbed conditions in China. Impetus has been given to the erection of European flats and buildings of a non-domestic character."

Amongst plans submitted were 185 for new European houses, 180 for new Chinese houses and 440 for other new buildings. Two thousand plans were submitted for alterations and additions to existing buildings.

The number of water-flushed sanitary appliances approved during the year amounted to 1,522, while there were 316 plans submitted in respect of wells.

ANTI-MALARIAL WORK
Anti-malarial work was continued during the year. An area between the two reservoirs at Aberdeen was completely drained.

tional relations was clear. Free of militarism, she armed only when threatened—and armed actively and efficiently. Finally the defences behind which her security rested were handed over to Germany and the sword was wrenched from her hands by her own pledged "friends." In war or peace, the restitution of Czechoslovakia is a cause to which Britain and France are honour-bound to give allegiance.

POST-WAR POLAND was a more unruly member of the family of nations. Internally, she has been subject to a dictatorship. Outside her own borders, made first in the League Covenant and then in the League of Nations, she kept her word, the capital of Lithuania. After the collapse of Czechoslovakia she participated in the ugly scramble for the fragments of the shattered state. It must be said that she participated successfully. Under Hitler's nose, she pocketed the richest coal-mines in the country.

ALL THIS, HOWEVER, does not alter the fact that Germany has no grievance against Poland even remotely justifying a resort to arms—and that Nazi aggression must be curbed, and curbed decisively, before it rides roughshod over the independence of another people. This is the moral issue. But morals alone do not make politics. With Poland under her sway Germany would be prepared and able to launch an offensive directly against Britain and France—with vastly increased chances of success, because then she would be fighting on only one front.

WHEN HITLER strikes it will be Poland, not Germany, which will be resisting force with force. Poland, not Germany, will have on her side the conviction that she is fighting for survival. And in her struggle she will be aided with the armed might of Britain and France and the economic and political assistance of other countries on whose good-will Hitler is largely dependent.

THAT CONCERTED and effective resistance will be opposed to any further aggression in Europe now appears certain. It is therefore particularly pertinent, at this moment, to remember that there is also an aggressor in the Far East. In opposing their entire strength to the Nazi darkness, Britain and France have undertaken the cause of all civilized people, including the German. No consideration of expediency must make them succumb in any way to the blandishments of Japan in the Far East. Right and wrong, justice and aggression are categories as valid on the shores of the Pacific as on the plains of Central Europe.

and work was continued at Pokfulam between the Queen Mary Hospital and Sandy Bay.

In the section dealing with Water Works, the report says: "The rainfall during the year amounted to 55.36 inches, which with one exception is the lowest ever recorded in the Colony. As a result, the main storage reservoirs did not fill, and the water supply to Hongkong and Kowloon was subjected to restrictions from August until the end of the year."

The formation of a waste detection branch was proceeded with during 1938. Additional staff, waste detection meters and other equipment were provided, and a zoning system was worked out.

WATERWORKS EXTENSION
Work in connection with the general extension of the Colony's waterworks approved in 1937 were proceeded with, while preliminary investigations in connection with the Tai Lam Chung Valley scheme were commenced.

In connection with town planning, the report says: "A tentative revised plan was prepared for the Government House and offices area. No other new schemes or revisions of any importance were prepared during 1938, development having been in accordance with the recommendations of the Town Planning Committee of 1922 or with amendments and additions previously reported."

The average annual expenditure on Public Works between 1929 and 1938 was \$3,507,990.

HOW HONGKONG IS REACTING

All main streets in Hongkong were thronged with people at 9 p.m., all eager for the latest news.

Hotel and theatres lobbies and restaurants were filled to the doors with crowds eagerly discussing the situation.

Radio owners have had their sets turned on for hours on end.

NO STATEMENTS
The local Naval and Army authorities have no statements to make.

PUBLIC RESPONSE TO OFFICIAL APPEALS

Drivers Register For Emergency

The appeals to the public issued by the Traffic Department of the Hongkong Police sometime this week for motor car and motor cycle drivers to volunteer for service during emergency periods, have met with great response.

It was disclosed by Traffic Inspector C. S. Saunders yesterday that nearly all the bus drivers of the China and Kowloon Motor Bus Companies and the taxi cab establishments have registered themselves with the authorities and more names are continuously being tendered.

Of the private car drivers there was a comparatively smaller response, and it is hoped that further names will be forwarded in the near future.

MOST STRINGENT RESTRICTIONS

Stringent restrictions on all civil aircraft in the United Kingdom, including those entering, were announced by the Air Ministry.

Telephone communication between Britain and abroad has been temporarily suspended, while wireless services have also been temporarily suspended.

All outward news telegrams were subject to censorship from 7 p.m. last night.

The restriction on the use of telephone services includes ships at sea.

HOSPITAL PATIENTS REMOVED

Certain hospitals in London and other towns will transfer part of their patients to the outer areas to-day, according to an announcement by the Ministry of Health.

Except some individuals, the emergency staffs have not yet been called up.

Some movement of patients in Scotland has already started.

KOWLOON MURDER HEARING

EVIDENCE GIVEN OF FIGHT

Committal proceedings against Lei So, 26 years of age, on a charge of murder of Fong San, a foreman surveyor, in Ap Liu Street on the night of July 6, were continued before Mr. Q. A. A. Macfadyen at Kowloon Court yesterday.

The principal witnesses heard were Kong Kau, a Hakka concrete worker, and Tai Sang, a foreman mason, both of whom were employed on the site of the new Kowloon Motor Bus Company premises in Castle Peak Road with the defendant, and who, it is alleged, quarrelled violently with him over an incident in a latrine involving the first mentioned witness.

Kwong Kau, asked to identify the man in the dock, stated that he could not identify defendant as the Punt plasterer whom he had reported to Tai Sang as being quarrelsome and a trouble maker.

Tai Sang gave evidence of the fight in which Fong San was killed, stating that he was coming out with Fong and another man from the Lai Cheung Restaurant when they were set upon by a party of men, some seven or eight in number and including defendant, who were armed with iron bars.

Mr. J. B. Prentis, Assistant Crown Solicitor, is prosecuting. Hearing will be continued on Tuesday afternoon.

URGENT APPEAL IN PARIS

PARIS, Sept. 1 (Reuter).—A second and more urgent appeal to Paris residents with no vital reason for remaining in the city was issued by the Ministry of the Interior yesterday.

Those with places in the country to which they eventually intend to proceed are asked "not to wait longer before making the journey."

It is pointed out that movements by road and rail are now absolutely unrestricted, but later priority may have to be given to the movements of troops.

"SCENES" AVOIDED

The stages of the evacuation of school-children were carried out in orderly fashion yesterday morning and to avoid "scenes," the children bade farewell to their parents at school and journeyed to stations in motor buses.

The youngest children, from three to ten years of age, were placed in first and second class carriages, while the older children travelled third class. Teachers and nurses, in the ratio of one to ten children, travelled with the children.

Hello & Goodbye

(BY A. W. HYER)

The political situation in Europe is at above normal temperature; and the weather conditions between Shanghai and here are still delaying commercial shipping.

The s.s. Aramis bound for the local port from Shanghai has been delayed twenty-four hours, latest reports put her arrival here at daylight to-day. The s.s. Tandu from Shanghai, the s.s. Carthage and the m.v. Anna Maersk, all bound for Hongkong from the North, are behind time and are reported to be arriving this morning and afternoon.

The Pan American Airways' Philippine Clipper due last Wednesday is still at the Island of Guam. Typhoon weather is delaying the take-off for Manila. Weather permitting, the Philippine Clipper should arrive in the Colony on Sunday afternoon, the return flight departing from Kai Tak on Monday morning at 8.30.

Imperial Airways

CAPTAIN A. B. DYKES supervising the recently overhauled R.M.A. Delta took off for Bangkok at 7 a.m. on Friday.

Mrs. M. Glover, and her daughter Mrs. P. Eustace, were bound for Calcutta, via Imperial Airways.

The second section of the south-bound week-end service did not depart on Friday morning, but left Kai Tak this morning 7 o'clock under the Command of Captain L. J. M. White. There were staff passengers and mail on this service.

Empress of Japan

FRIDAY, at 12.10 p.m. the Empress of Japan was away for calls in the North on the homeward journey to Vancouver.

The Borin Tour Party, composed of ten members, were on the last lap of their interesting summer tour. When they arrive in Vancouver it will be the end of their highly interesting and thorough geography lesson.

Mrs. T. Z. Chu and her daughter left on the Empress of Japan for Shanghai amidst tears and excited farewells.

Mr. and Mrs. A. L. Blake bid Hongkong a gay and fond farewell. These travellers are holding tickets for Vancouver and looking forward to a splendid Pacific journey and their call in the Canadian city.

Mr. D. Bates, from our city, was bound for England via the Canadian vacation route, crossing the provinces via rail. However, his presence appeared "non-est" when we searched for him yesterday morning before the ship's departure.

Mr. and Mrs. T. O. Edwards were Shanghai bound, their cabin seemed overflowing with gifts, flowers and friends expressing their gay goodbyes.

President Harrison

THE ROUND-THE-WORLD American President Line ship put into our harbour on Thursday at 1 p.m. from America via Shanghai. The few disembarking passengers from the American steamer were United States Naval Officers and their families.

Lieut. J. J. Hourihan, Ensign J. P. Johnston, Lieut. D. Nash and Lieut. P. Shetenheim arrived in the Colony with their respective families.

Manila Bound

NOON FRIDAY, the President Harrison was away for Manila calls and continuation of the trip to New York, via the Suez Canal. However, it is very possible that if war is declared in Europe the President boat may possibly follow the South Africa route.

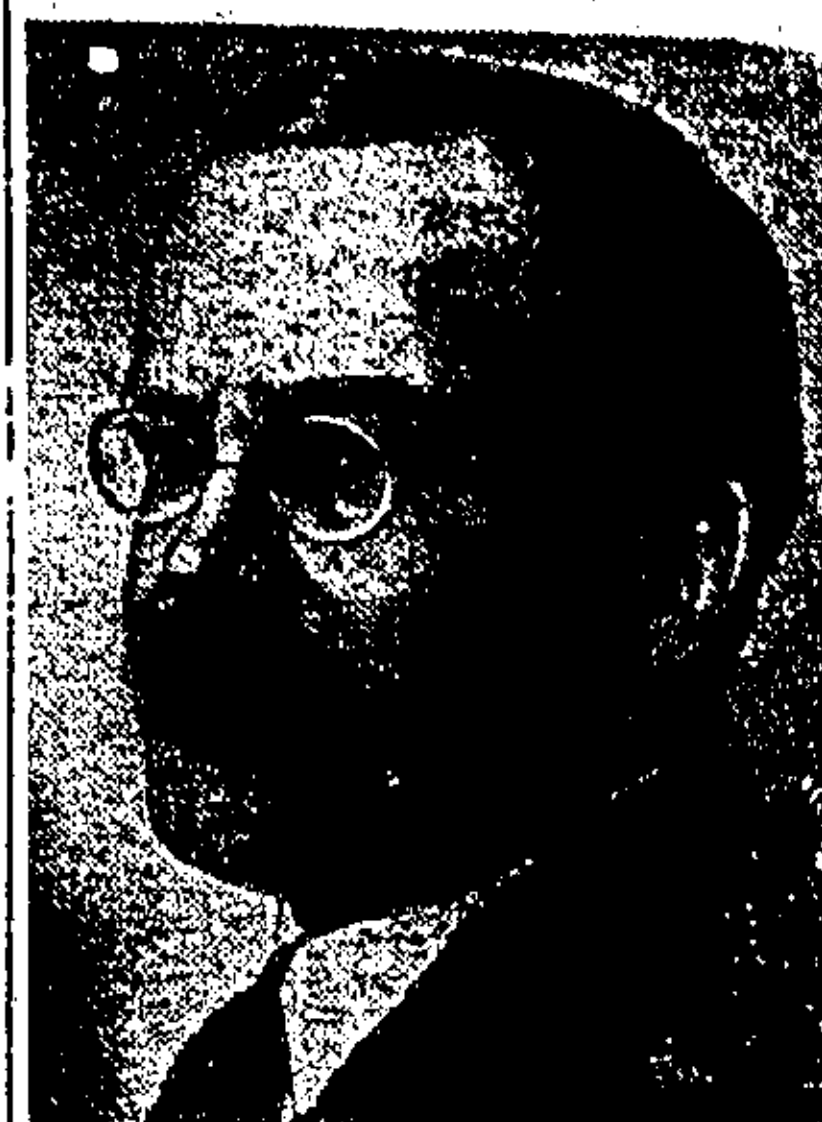

Captain H. L. Woods, of China National Aviation Corporation, is out for a holiday. The good-looking young aviator plans a trip to Naples, a tour through Europe and crossing the Atlantic by Clipper. It will be a great vacation for the American pilot was might get a good look at a war in Europe.

Mr. and Mrs. F. H. Arfas, of the Colony, were travelling to Manila. Their jaunt is one of those vacation and business calls.

Mr. and Mrs. Walter W. Fowler are travelling to New York by the President Harrison and Mr. H. Lyon sailed south to make a business call. He will be returning shortly.

s.s. Nankin

FRIDAY, 2 P.M. the s.s. Nankin came into port from Australia and southern ports. Returning from Sydney was Mr. W. G. Poy. This gentleman han-

M. MOLOTOV

MOLOTOFF'S WARNING TO GERMANY

MOSCOW, SEPT. 1 (REUTER).—"WE SIGNED THE PACT WHEN IT BECAME EVIDENT THAT NOTHING WOULD COME OF THE ANGLO-SOVIET NEGOTIATIONS," SAID M. MOLOTOFF, IN A STATEMENT ON THE SOVIET-GERMAN PACT OF NON-AGGRESSION MADE IN THE SOVIET SUPREME COUNCIL TO-DAY.

THE SOVIET FOREIGN COMMISSAR DECLARED THAT THE PACT WITH GERMANY HAD NO WIDER SCOPE THAN ITS TEXT INDICATED AND WARNED THOSE WHO READ TOO MUCH INTO THE PACT.

HE WARNED GERMANY THAT THE PACT "CANNOT WEAKEN OUR DETERMINATION TO RESIST AGGRESSION AGAINST THE SOVIET."

M. Molotov accused Britain of entrusting the negotiations to a second rate official while the military delegations came to Moscow without being properly empowered.

The Anglo-Soviet Pact would have been important if military co-operation had been possible but Poland refused Soviet aid and the English supported the Polish objections.

SERVICE ORDERS

All ranks of the 20th, 24th and 30th Battery Royal Artillery, were last night summoned to return to barracks at once.

Officers of H. M. submarines were ordered to return to their ships immediately.

TULSA ORDERS

It was learned from American sources last night that the U.S.S. Tulsa, which has been in harbour since last week and is not due to leave until September 8, had received official orders and will sail for an unknown destination at 7 o'clock this morning.

Reaction in the Colony to the receipt of news of the commencement of hostilities in Europe was the recall of all naval officers and ratings, British and American, this notice being flashed on the screen of all theatres.

"DANZIG SHALL RETURN TO THE REICH UNCONDITIONALLY AND FORTHWITH"

German Proposals For Settlement Of Dispute With Poland Announced

PARIS, Sept. 1 (Reuter)—Germany's proposals for a settlement of the dispute with Poland were announced in Berlin yesterday by the official news agency.

1. DANZIG shall return to the Reich unconditionally and forthwith.
2. A PLEBISCITE to be held a year hence to decide whether the Corridor shall stay Polish or become German.
3. ALL GERMANS AND POLES resident in the Corridor since Jan. 1, 1939, or born there, to be entitled to vote in the plebiscite, which will be held under an international commission.

It is added that the international commission will be similar to that which operated in the Saar Plebiscite and will consist of representatives of Italy, the Soviet, France and Britain, which exercise sovereign rights in the territory.

Thus, all Polish police, military and other authorities must leave the Corridor at the shortest possible moment, except at Gdynia, which will unconditionally remain Polish.

EVACUATION OF CHILDREN IN BRITAIN & FRANCE

LONDON, Sept. 1 (Reuter)—The evacuation of London's school-children will commence at 8 a.m. (G.M.T.) to-day, after which rail and road services for ordinary passengers will be severely curtailed for the next three or four days between the hours of 8 a.m. and 5 p.m.

The children will be evacuated at 72 underground stations. Besides the railways, a large number of trams and trolley buses will be needed and these can only be provided by the withdrawal from the ordinary routes.

The public has been advised only to travel if compelled to do so and the Green Line coaches and country buses will be curtailed or withdrawn.

250,000 CHILDREN

It is estimated that over 4,000 children will be evacuated from about 10,000 schools in the London County Council area, including about 25,000 children who will be evacuated with their parents.

In Britain, some 10,000 schools will be affected and 1,200 detaching centres have been selected by the Minister of Health. Altogether over 3,000,000 persons will be evacuated from the congested areas of Britain.

During the period of evacuation many main line trains will not be available to the public.

"LUNACY" OF THE POLES

HITLER ISSUES PROCLAMATION TO HIS ARMY

NO OTHER CHOICE THAN TO "MEET FORCE WITH FORCE"

BERLIN, Sept. 1 (Reuter)—Herr Hitler has issued a proclamation to the German Army declaring that "to end the lunacy of the Poles" he had no other choice than to "meet force with force."

POLAND MUST DECIDE

LONDON, Sept. 1 (Reuter)—That the German proposals are a matter on which Poland must decide is the consensus of opinion of the British press to-day.

The "Times" emphasised that it is for Poland, first and foremost, to make up her mind whether she can negotiate on any such basis as Herr Hitler proposes and also declares that Britain and France will not and cannot abandon Poland if Poland still feels that her independence is threatened and that she must fight for it.

"Let there be no mistake about that," the paper writes. "The war, if it comes, will be for Germany, a war on two fronts, in the West as well as the East."

1914 MISTAKE?

The "Daily Mail" also stresses that no localised war can ever decide the issue of Polish independence. If Germany thinks otherwise, she is making as grave a mistake as she made in 1914. Britain and France to-day regard a smashing attack on Germany from the West as a practicable operation which could be pushed to a successful issue.

The "Daily Express" writes: "The Democrats have no fear

HITLER ISSUES PROCLAMATION

BERLIN, Sept. 1 (Reuter)—The official Berlin wireless station at 5.40 a.m. announced that Hitler had issued the following proclamation to the Army:

"The Polish State has refused a peaceful settlement of relations which I desired and has appealed to arms. Germans in Poland are persecuted with bloody terror and driven from their homes. The series of violations on the frontier are intolerable to a great Power and prove that Poland is no longer willing to respect the frontier of the Reich. In order to put an end to this lunacy I have no other choice than to meet force with force."

"The German Army will fight the battle for the honour and vital rights of the re-born Germany with hard determination. I expect that every soldier, mindful of the great traditions of the eternal German soldiery, will ever remain conscious that he is a representative of the National Socialist Greater Germany. Long live our people and our Reich."

"PROFOUND BARBARITY"

BERLIN, Sept. 1 (Reuter)—Herr Hitler, addressing the Reichstag, said that Danzig and the Corridor were, and are, German and asserted that without Germany the most profound barbarity would exist there.

"I tried once more to pursue the demands by peaceful channels. I waited three days without the Poles sending a plenipotentiary from Warsaw and I have, therefore, decided to speak to the Poles in the same terms as they have spoken to us."

"We must thank Italy who supported us the whole time but I will not appeal for foreign help. In this fateful hour we will never demand anything from western Powers and the western wall will always represent the western frontier. We have no further goals there in the future."

Herr Hitler welcomed the pact with Moscow and agreed with the speech of M. Molotov.

He said that Germany is fighting to solve the question of Danzig and the Corridor and to ensure peaceful relations between Germany and Poland. "I have given instructions to the Air Force to confine themselves to military objectives: bombs will be answered with bombs, poison gas with poison gas."

"I have worked for six years in building up the army and I now demand from Germany the hardest sacrifices. I myself am ready to make every conceivable sacrifice."

MAIN ATTACK

WARSAW, Sept. 1 (Reuter)—The main German attack is from East Prussia on the front between Dzialdowo and Wlojnitze. German planes attacked in two waves.

In the first, seven towns, Kurak, Gdynia, Thorn, Bialystok, Gronde, Dzialdowo and Bydgoszcz, were bombed. In the second, a few hours later, Warsaw, Cracow, Katowice and Czentowice were attacked.

concerning the issue of the battle in the West."

The "Daily Telegraph" also declares that Germany is making a mistake in believing that her western defences are impregnable.

Chinese Successes

TUNGKUAN, Sept. 1 (Central)—Chinese forces in Shansi have gained further successes. On August 28, the Chinese penetrated into Changshien, Szechwang and Paotsaitun in south Shansi, inflicting considerable casualties on the Japanese.

In south-east Shansi they have recovered Hantienchen, another key point southwest of Changshien. The beleaguered Japanese units in Changshien are continuing their stubborn resistance to the vigorous Chinese attacks.

ALL PREPARATIONS MADE FOR ANY EVENTUALITY

LONDON, Sept. 1 (Reuter)—Britain has settled down to contemplate on the possibility of war in a spirit the like of which has never been seen in the country's history.

A survey of the city's streets, homes, factories and newspapers reveals that the whole spirit of the country is different from that of 1914 because there is no trace of jubilation and it is vitally different last September because there is to trace of last-minute nerves.

As one newspaper writer yesterday expressed it, the British people feel to-day that they have now done everything necessary to prepare for any eventuality and no longer say "What shall we do if war comes?" but "What shall we do if it is peace after all?"

OUTWARD SIGN
Accompanying the nation's quiet resolution is unprecedented unity and determination, of which one outward sign to-day is the agreement between the engineering unions, representing 350,000 engineers and employers, on the diffusion of labour, namely, the introduction of semi-skilled men into skilled jobs, enabling the production of arms, aircraft and ship-building plants to be enormously increased.

For years previously, dilution has been the cause of dissension between workers and employers.

STRIKING PICTURE
London itself during the crisis presented a striking twin picture of war and peace, with ordinary peace-time happenings occurring alongside such outward manifestations of war as sand-bagged buildings.

Everywhere Territorials in khaki are controlling traffic in some streets and the tenants in blocks of residential flats are combining together to dig trenches for common safety.

The shop windows are plastered with strips of paper to prevent splinters.

One of the side-effects of the

crisis has been the increase in the number of civil weddings, many of the bridegrooms being military men.

SPIRIT OF NATION
The spirit of the nation as a whole is best summed up in to-day's "Times" leader, declaring "Britain's preparations, which have been long delayed, have made her strength in the air and at home adequate to resist the first shock, however violent, and is solid enough to last out the power of resistance of any aggressor."

"The very lateness of her start has ensured her the use of the newest and most efficient materials for both active fighting and home defence."

"The spirit of the people is wrought up to a pitch of readiness which is never before attained at the beginning of a conflict. It is war which will find the British people neither daunted by over-creation nor numbed by discipline and routine, but fresh for the struggle which they did not desire, but from which they cannot in honour shrink."

FRANCE REMAINS FIRM

PARIS, Sept. 1 (Reuter)—The meeting of Council called for a p.m. yesterday.

The Council met under the chairmanship of Mr. Laval, President of the French Republic, and was unanimously in agreement that France remains firm.

CATHOLIC NEWS & NOTES

LITTLE SISTERS OF THE POOR, H.K. CATHOLIC TRUTH SOCIETY: THE APOSTLE OF THE NETHERLANDS: MARIA COLAZON

At the Home for the Aged in Ngau Chi Wan, beyond Kowloon City, the Little Sisters of the Poor are to-day celebrating the centenary of their foundation. The Apostolic Delegate to China, H. E. Archbishop Zanin, will celebrate the Jubilee Mass in the morning, and in the afternoon there will be a Reception, which H. E. the Governor will attend.

The work of the "Little Sisters" is carried on over the whole world and everywhere it has won the esteem of all; for it is a most self-sacrificing form of charity.

The Sisters establish all their Homes on the same principle: no endowment, no acceptance of income from the State; no payment by inmates. For support the Home depends on the contributions given by the charitable, and the Sisters go out every day on the humbling task of begging what they need for their poor helpless old people.

They give shelter to old people irrespective of creed or nationality, the only conditions requisite for admission being that they are over sixty years of age and are completely destitute.

In the hundred years of their existence Little Sisters have provided a home for more than half-a-million persons. They have been in Hongkong for sixteen years. The present building which was put up a few years ago is a model of its kind, for everything is planned to give the greatest possible convenience and comfort to the old people.

There are, for instance, no stairs—a series of inclined passages leading from one storey to the next. The evident happiness of the old people is the most remarkable feature of the Home, as of all similar Homes in the care of the "Little Sisters." Visitors are welcome at the Home.

Truth Society

The Catholic Truth Society which held its Annual General Meeting in the Hongkong Hotel a few days ago is an organisation for the spread of Catholic literature which has made remarkable progress during the four years of its existence. Its chief activity is the spread of small pamphlets, in

English and Chinese, which help to make the Catholic Church and its life and activities better known. These pamphlets are sold in book racks in the churches and in Catholic schools and institutions.

The English pamphlets are selected from the publications of other similar organisations in England, America and other English-speaking countries, while the Chinese pamphlets and specially prepared, and printed in Hongkong. Naturally, the greater demand for publications in Chinese, and of the 30,000 pamphlets sold last year more than two-thirds were in Chinese.

Difficulty of communication has in some cases made it impossible to send books to certain parts of the interior of China that wanted them, but on the whole the difficulties were overcome, for the majority of orders from the interior of China were executed, though the time of transit was often very long. For the benefit of poor districts which have suffered greatly by the war the Catholic Truth Society has formed a "Free Literature Distribution Fund," by which books are sent at cost price to the full extent of the money subscribed.

Subscriptions towards this fund have been received from England and many other countries. Many appeals for books have come from Refugee centres in China where thousands of people are gathered, away from their homes, without any regular occupation and without anything to read.

There are Catholic Truth Society organisations in almost every country. A recent report from (Continued on Back Page)

LESSON SERMON

FIRST CHURCH OF CHRIST, SCIENTIST, HONGKONG
ANNOUNCEMENT
SUBJECT—MAN

The subject of the Lesson in all Christian Science Churches to-morrow Sept. 3rd. will be "Man." The Golden Text will be:—"God created man his own image, in the image of God created he him." (Gen. 1:27).

Among others, the following citations will be read from the Bible:—"In the beginning God created the heaven and the earth, And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. Surely men of low degree are vanity, and men of high degree are a lie: to be laid in the balance, they are altogether lighter than vanity. The Spirit itself beareth witness with our spirit, that we are the children of God." (Gen. 1:1, 26; ps. 62:9; Rom. 8:9).

The following citations will also be read from the Christian Science Text-book, "Science and Health with key to the Scriptures," by Mary Baker Eddy:—"Man: God's Spiritual Idea, individual, perfect, by Mary Baker Eddy:—"Man: God's Spiritual Idea, individual, perfect, eternal in Science we are children of God; but whatever is of material sense, or mortal, belongs not to His children, for materiality is the inverted image of Spirituality. Even though you aver that the material senses are indispensable to man's existence or entity, you must change the human concept of life and must at length know yourself spiritually and scientifically. As mortals give up the delusion that there is more than one Mind, more than one God, man in God's likeness will appear, and this eternal man will include in that likeness, no material element." (Pages 115, 572, 359 & 181).

KOKIU TIN MINES YIELD \$30,000,000 WORTH YEARLY

CHUNGKING, Sept. 1 (Central).—In the last three years, more than 9,000 tons of tin were annually produced and exported from the Kokiu mines in Yunnan. The sale brought the Yunnanese from \$20,000,000 to \$30,000,000 depending on the quotations in the London market and on the exchange rate between pounds sterling and Chinese dollars.

Since 1938, the production and marketing of tin in Kokiu have been controlled by the Yunnan Provincial Bank which pays \$2,200 to \$2,300 for every 1,000 catties of the metal produced by private miners. This, however, had a retarding effect on the whole output as the figures show that the 1938 production represented a decrease of more than 2 percent when compared with that of 1937. The recent increase, of the Provincial Bank price to \$5,020 for 1,000 catties of tin is expected to bring the production to an unprecedented level.

FORTY MINES

Besides several hundred private-owned pits and surface workings, there are in Kokiu to-day 40 mines in operation and 60 native smelting places.

The Yunnan Tin Corporation is under the technical supervision of Mr. S. B. Archdeacon, an Englishman who worked for 28 years in the world-famous Australian Tin Corporation and who designed the reverberatory and purifying furnaces in the Yunnan plant.

The corporation is producing 3,000 tons of high-quality tin slabs a year which is about one-third of Kokiu's total annual output, which in turn is approximately 80 percent of China's yearly production of that metal.

WOLFRAM ORE

Wolfram ore is another rich mineral of Yunnan. Its presence was discovered only three years ago. It is abundant in the area west of the Huangmaoshan tin mines near Kokiu. The ore dug out from the ground is collected by the Yunnan Wolfram Company, a semi-official concern. The average output is approximately 80 tons a month and its exports were valued at close to 4,000,000,000 last year.

LONDON STOCK EXCHANGE HAS QUIET SESSION

LONDON, Sept. 1 (Reuters).—On the London Stock Exchange, most groups closed rather easier after a quiet session, in which even the announcement of to-day's closing of the markets failed to cause any material selling. The latest developments in connection with the international crisis have adversely affected sterling, which closed at 4.285 in terms of the dollar, compared with 4.395.

The crisis is responsible for the increase of over £20,000,000, in the Bank of England note circulation, which at 529.5 millions establishes a new high record. Wall Street was easy.

Chinghai Province Makes Remarkable Progress

SINING, Sept. 1 (Central).—Chinghai (Kokonor), the far-flung province in western China, has taken big strides in reconstruction in the past year.

The progress has been made possible through the efforts of the provincial authorities and the cordial relations now prevailing between the Hans (Chinese), Manchus, Mongols, Mohammedans and Tibetans.

The pao chia (mutual protection) system has been successfully introduced in 11 of the 17 districts in the province, namely, Sinling, Hsunhua, Kweitch, Tatung, Huchu, Welyuan, Lotu, Minho, Huanghsien, and Tungjen. The effect of the introduction of this system has been proved by good order and peace maintained and the discovery of several cases of espionage.

TRAINING ENFORCED

Training of able-bodied men has been rigidly enforced since the start of the Sino-Japanese hostilities. All males between 18 and 50 years of age, except those who are physically unfit, are required to undergo military and spiritual training.

Chinghai leads other provinces in the Northwest in afforestation. General Ma Pu-fang, Chairman of the Chinghai Provincial Government, is an ardent promoter of tree-planting. Since his assumption of the governorship, he has made tree-planting one of the principal tasks in the province. He said that Chinghai's poverty can be relieved through afforestation.

FAST FORESTS

It is estimated that 5,000,000 trees have been planted in the province while seedlings planted during the current year number 1,567,000. One section of the highway running between Sinling and

Taierhsu is flanked on both sides by vast forests. Many new highways with Sinling, the provincial capital, as the converging point, have been constructed. The total kilometrage of new roads last year was 2,893.

Popular education has been promoted with energetic efforts. All children up to school-age are required to go to school, while able-bodied men undergoing training have to learn characters for half an hour per day.

One hundred sons of Mongol princes and Tibetan dignitaries are receiving education in the Provincial School for Mongolians and Tibetans.

Ominous Signs On Foreign Exchange

STERLING BREAKS BADLY

NEW YORK, Sept. 1 (Reuters).—On the Foreign Exchange yesterday, sterling broke badly as the war threat seemed more ominous and as Britain announced evacuation and also the closing of the London Stock Exchange.

Sterling temporarily slumped to 4.27, then moderately rallied. Meanwhile, other currencies show-

H. K. STOCK EXCHANGE

Once again the week's market has been a kaleidoscope. Opening and continuing up to yesterday buoyant and rosy, and with a welcome sign of returning confidence, buyers had been more in evidence than for sometime past. The far sighted precautions taken by the British Authorities at Home against eventualities, have been entirely misconstrued here and these, have been aggravated by the conflicting reports from Europe. Consequently the market has relapsed to the tender state, and trading has considerably fallen off. But it must be noted that in spite of all this, what little business has been reported to-day is on a higher level than last week's closing rates.

ed most erratic and sudden movements, with several rising sharply as sterling declined.

Currencies Drift

With all pegs removed and stabilization funds husbanding the resources, each currency drifted and were influenced promptly by sizeable orders either way.

The lira was reported to have temporarily broken loose from the existing official moorings for the first time in many years, while the Belga guilder and the Swiss franc were most buoyant, presumably because of the flight of funds to these countries.

On the other hand, Far Eastern currencies were mostly weak, with rates remaining at normal.

The futures market continued to be most restricted, with sterling discounts little changed. However, such rates were more of less nominal.

CATHOLIC NEWS
AND NOTES

Continued From Page 10.

Germany announces that the Nazi Government has suppressed the branch of the Society in Düsseldorf and confiscated everything that it possessed.

Apostle of Netherlands
In the Protestant Cathedral of Utrecht, in Holland, there was recently seen the unusual sight of a Franciscan friar in the pulpit, addressing a great congregation that included cabinet ministers and diplomats, professors and mayors, generals and artists, and the Catholic Archbishop side by side with the President of the Reformed Church Assembly.

The occasion was the twelfth anniversary of the death of St. Willibrord, the Apostle of the Netherlands. The Prime Minister spoke on the same occasion, and he said: "In him our thoughts go back to the time that the Christian Church was still undivided—Willibrord was the bearer of those principles on which our whole civilization is founded."

St. Willibrord was an Englishman. He was born of an Anglo-Saxon family in Northumbria and was educated in Ireland, where he studied in the Abbey of Mellifont for twelve years. When Pepin asked for missionaries for the conversion of Frisia he was sent with eleven companions.

They disembarked at the place where the city of Utrecht now stands, and there he founded a church and a monastery. An exhibition is being held this year on the site of this church, to commemorate the centenary. The preaching of Willibrord forged the first bond between Holland, Friesland, Brabant and Zeeland—later the United Provinces of the Netherlands.

Two stamps have been issued in commemoration of the centenary. One shows him as a young monk in the small vessel in which he travelled from Ireland, and the other as an old man when he had been raised to the dignity of Bishop of the Frisians by Pope Sergius III. He fixed his see at Utrecht which he made a centre of Christian activity, as it remained for many generations.

Maria Corazon
When the papers told some weeks ago about the infant with the heart on the outside, who was born in Manila and lived for a few days, they did not tell of the remarkable Christian spirit manifested by the child's parents in connection with the occurrence. The parents are poor people of the Tondo district in Manila and both fervent Catholics. This was their first child.

The strange phenomenon connected with their child brought at once the minds of both the Sacred Heart of Jesus, and in honour of the love of the Sacred Heart they readily made an offering of their child to God.

"I'd like to keep her," the mother said, when she was told of her child's poor chance of life. "but if the Lord wishes to take my baby, there's nothing I can do. My husband told me last night that first babies are meant for heaven. Now I understand."

The child's father showed similar Christian resignation, and he refused undue publicity about his child, even though it would have brought him a good deal of money. An offer of U.S. \$10,000 was made to him, if he would allow the baby to be brought to the World's Fair in New York, but he refused it instantly.

Both parents agreed on the child's name, "Maria Corazon," of which the nearest English equivalent would be "Mary of the Sacred Heart." The baptism took place a few minutes after birth as life was expected to be very short, but later the infant grew stronger.

LAW REVISION
ORDINANCE

The object of the Law Revision Ordinance, 1939, which was passed in all its stages, is to effect such amendments and incorporations as have been found necessary in the preparation of the new edition of the Ordinances of the Colony. The Ordinance affects in a greater or lesser degree no less than 55 existing Ordinances of the Colony, but generally speaking the revision has not introduced new matter into the law of the Colony but has been confined to the collection of the existing law, the repeal of spent legislation, the correction of obvious errors in the standardisation of expression and the removal of inconsistencies.

NEW LEGISLATION

The following Bills, introduced by the Attorney General, were read for the first time:—

1. A Bill to amend the Births and Deaths Ordinance, 1934.
The object of this Bill is to amend the principal Ordinance, No. 21 of 1934, by imposing a fee for late registration of births of one dollar, where the information is given more than fourteen days and within twelve months after birth, of ten dollars where registration is effected, with the consent of the Registrar General, more than twelve months after the birth. Registration during the first fortnight after birth will continue to be free, and free certificates of registration will continue to be issued under sub-sections (1) and (4) of section 9 of the principal Ordinance.

2. A Bill to amend the law relating to the Urban Council.
The object of this Bill is to substitute the Deputy Director of Health Services for the Director of Medical Services as Vice-Chairman of and professional adviser to the Urban Council in all medical matters, including matters of public health and sanitation, and as superintendent of the enforcement and observance of all Ordinances relating to "Public Health and the by-laws and regulations made thereunder."

A similar case occurred in Europe some years ago and the child lived for five years. Maria Corazon however survived only a few days.

PROCLAMATION

After the Hon. Mr. R. A. C. North had taken his oath of office as Acting Colonial Secretary, recital and proclamation was made of Letters Patent of June 29, 1939 amending Article XVII of the Letters Patent of February 14, 1917 constituting the office of Governor and Commander-in-Chief of the Colony of Hongkong and its Dependencies.

The amendments will bring existing practice in Hongkong concerning periods when the Governor is temporarily absent from the Colony into line with that adopted in Malaya and other Colonies.

A.R.P. OFFICERS
The Attorney General's motion that the style of the office of Air Raid Precautions Officer be changed to Director of Air Raid Precautions was passed, as was the report of the Finance Committee (No. 6) of July 27, which was moved by the Colonial Secretary.

All Qader, runner of the H. K. S. "A" was summoned before Mr. R. A. D. Forrest at the Central Court yesterday for driving a lorry without due care and caution along "Stubbs Road" on August 22. He pleaded guilty to the charge and was fined one dollar.
